

## VIRTUAL, LIVE COURSES

Join our onboarding sessions to get started.

## PRIVATE SESSIONS

Learn alongside your team using your own data.

## IN-PERSON WORKSHOPS

Dive into hands-on labs to cement your knowledge.

## LEARN LIBRARY

Dive deeper into targeted online videos.

Sumo Pro Users have a broad knowledge around analyzing logs and metrics. They can get up and running with their familiarity with services related to simple data searching, filtering, parsing, and analyze.

Sumo Power Users display a deep technical knowledge of analysis of logs that help identify critical events with ease. Power Users know how to create dashboards and alerts to measure and monitor the health of their environment.

Certified Sumo Power Admins have the highest expertise in setting up, managing, and optimizing Sumo Logic features for users in their Org. Power Admins know how to unlock the full power of Sumo Logic to make everyone's queries more effective!

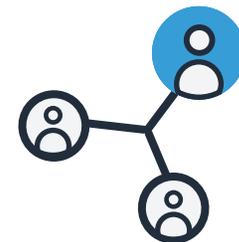

## INCREASE YOUR SKILLS

Learn how to convert machine data into continuous Intelligence.

## ADVANCE YOUR CAREER

Demonstrate your knowledge and stand out in the crowd with hiring managers.

## JOIN THE COMMUNITY

Share your expertise and learn from your peers.

## SUMO JAMS

Sumo Jams take training and certification to major cities around the world, giving Sumo users the opportunity to meet other users and join our Sumo Community.

## CAN'T FIND YOUR CITY?

We are constantly scheduling future Sumo Jams to bring Sumo learning closer to you. Have a city in mind? Email: [training@sumologic.com](mailto:training@sumologic.com)
